olma collection by la mamba

Olma es un proyecto que surge de la combinación de ligereza, calidez y confort en exterior, inspirado en la elegante silueta de un remo. Su estructura en madera de teca, resistente y natural, se entrelaza con detalles en cuerda para crear una colección armoniosa de sofás, sillas, mesas y tumbonas. Un diseño envolvente que evoca la fluidez del movimiento en el agua, acompañado de amplios cojines acolchados que invitan al descanso y la desconexión en entornos al aire libre.

skld studio

Olma is a project that emerges from the combination of lightness, warmth, and outdoor comfort, inspired by the elegant silhouette of an oar. Its structure, made of durable and natural teak wood, is intertwined with rope details to create a harmonious collection of sofas, chairs, tables, and loungers. An enveloping design that evokes the fluidity of movement on the water, accompanied by generous padded cushions that invite relaxation and disconnection in outdoor.

la mamba

La Mamba es un estudio de diseño fundado en 2010 con la visión de crear objetos que trasciendan lo estético para convertirse en experiencias funcionales y emocionales. En La Mamba abordamos el diseño desde una perspectiva armonizada y global, donde la estética, la funcionalidad y la comunicación se entrelazan de manera natural.

Creemos en la funcionalidad sin artificios, en la sensibilidad de los materiales, en la serenidad de las formas y en el equilibrio entre innovación y tradición. Desde la conceptualización hasta la producción, buscamos crear piezas que dialoguen con su entorno y enriquezcan la vida cotidiana.

La Mamba is a design studio founded in 2010 with the vision of creating objects that transcend aesthetics to become functional and emotional experiences. At La Mamba, we approach design from a harmonized and global perspective, where aesthetics, functionality, and communication intertwine naturally.

We believe in functionality without artifices, in the sensitivity of materials, in the serenity of forms, and in the balance between innovation and tradition. From conceptualization to production, we strive to create pieces that engage with their surroundings and enrich everyday life.

La armonía con el entorno es condición primera en este proyecto. La estructura de madera de teca posee una gestualidad tal que sin los cojines para su uso, pueda integrarse en un entorno natural durante todas las estaciones. La familia se compone de sofás, butacas y chaise longues, para dar respuesta a las más diversas situaciones y usos.

koro collection by eli gutierrez

La colección fusiona la cultura japonesa y la pasión por la artesanía. Inspirada en el Koro, un contenedor de incienso japonés de formas redondeadas, combina diseño orgánico con un tejido experimental. Su trenzado horizontal, logrado al mezclar cuerda y cincha, aporta sinuosidad y elegancia, vistiendo la estructura como si de una prenda de ropa se tratase y dotándola de una piel gráfica y marcada.

skld studio

The collection merges Japanese culture with a passion for craftsmanship. Inspired by the Koro, a Japanese incense container with rounded shapes, it combines organic design with an experimental fabric. Its horizontal braiding, achieved by blending rope and webbing, brings fluidity and elegance, dressing the structure like a garment and endowing it with a bold, graphic skin.

serra collection by kar durán & miguel lópez

La colección se nutre de la esencia de las clásicas sillas de ratán, evocando recuerdos de barrio, tradiciones familiares y veranos nostálgicos. Con un diseño atrevido, combina el trenzado tradicional del asiento, con patas cónicas en metal que rompen con la estética convencional. Su asiento, diseñado como un abrazo que envuelve y acoge, añade un confort único, mientras la estructura ejerce de cesta. Una colección especial elegante y divertida, diseñada para que se adapte a cualquier entorno.

skld studio

The collection draws inspiration from classic rattan chairs, evoking neighborhood memories, family traditions, and nostalgic summers. With a bold design, it combines the traditional woven seat with tapered metal legs that break conventional aesthetics. Its seat, designed as a welcoming embrace, adds unique comfort, while the structure acts as a basket. A special, elegant, and playful collection, designed to adapt to any setting.

La colección destaca por su característica curva envolvente, presente en cada pieza diseñada. Este elemento aporta una estética fluida y un diseño ergonómico que, en los asientos, abraza al usuario, brindando confort y personalidad. En las mesas, esa misma curva envolvente permite crear estructuras únicas y singulares, que rompen con lo convencional. Además, el uso intencionado de madera en listones de diferentes anchos añade un toque irreverente y divertido a la colección, fusionando funcionalidad y creatividad en cada detalle.

The collection stands out for its distinctive enveloping curve, present in every designed piece. This element provides a fluid aesthetic and an ergonomic design that, in seating, embraces the user, offering comfort and character. In tables, the same curve creates unique and singular structures that break away from convention. Additionally, the intentional use of wooden slats in varying widths adds a playful and irreverent touch, blending functionality and creativity in every detail.
